NOTICE OF AUTHORIZATION TO APPLY THE UL MARK

Northbrook Office

April 18, 2003

Hitachi Global Storage Technologies
Attn: Ms. Naoko Watanabe
JAPAN LTD
FUJISAWA PLANT
1 KIRIHRA-CHO
FUJISAWA-SHI
KANAGAWA 252-0811 JAPAN

Our Reference: File E182115, Project 03CA12047

Subject: Alternate Nidec Spindle Motor, Type 08K0899 for Model DARA-2nnnnn
and Addition of Model HTS7260nm9ATX0 to Vol. X1

Dear Ms. Watanabe:

We have completed our engineering investigation under the above project number and find the products comply with the applicable requirements.

This letter temporarily supplements the UL Follow-Up Services Inspection Procedure and serves as authorization to apply the UL Recognition Mark, only at the factory under UL's Follow-Up Service Program, to the above products, which are constructed as described below:

Identical to the subject model which was submitted to UL for this investigation, the UL records covering the product will be in the Follow-Up Services Inspection Procedure, File E182115, Volume 1, X1.

To provide the manufacturer with the intended authorization to use the UL Mark, the addressee must send a copy of this Notice and all attached material to each manufacturing location as currently authorized in the appropriate UL File Procedure.

This authorization is effective for 90 days only from the date of this Notice and only for products at the indicated manufacturing locations. Records covering the product are now being prepared and will be sent to the indicated manufacturing locations in the near future. Please note that Follow-Up Services Procedures are sent to the manufacturers only unless the Applicant specifically requests this document.

Products produced, which bear the UL Mark, shall be identical to those evaluated by UL and found to comply with UL's requirements. If changes in construction are discovered, authorization to use the UL Mark may be withdrawn and products that bear the UL Mark may have to be revised (in the field or at the manufacturer's facility) to bring them into compliance with UL's requirements.

Respectfully,

Carlos Gomez (Ext. 43978)
